Caterers

Logistical Support Assistant & Catering Server

This is a two part position that together make up a full-time job, so if you are looking for year round full-time but like variety, then this may be the one for you.

For the Logistical Support Assistant, we are looking for a team player that can work independently in support of a dynamic catering environment. This position runs errands to assist the kitchen and logistics teams; delivers catering for non-staffed events; assists with inventory and equipment maintenance; schedules vehicle service and ensures readiness for events.

The Catering Server works under the direction of an Event Captain as part of our event team to take weddings and other events from beginning to end. Setting it up just right, making the cocktail hour flow, and seeing dinner perfectly served. The position requires being comfortable in a sometimes fast paced environment with different work for every event. This is a physical job that includes moving tables and chairs, and most of the time on your feet.

The ideal candidate will have a good driving record and be comfortable driving cargo vans, will be customer service and team oriented, and be an organized self-starter.

We are a friendly, family-oriented environment. We believe we should enjoy coming to work and seeing our co-workers. We believe in individual accountability and are looking for enthusiastic individuals that are fulfilled by a job well done.

During our busy season (April to October) overtime is not uncommon. During the slow season we will guarantee full-time, but that is also a great season for a little time off. We make every effort to be flexible and expect the same.

Full Time

40 hours per week (3 to 4 days per week in house, and 1 to 2 days at events)

There are two openings: Saturday to Wednesday & Wednesday to Sunday.

\$22 per hour in house / \$19.35+tips on events
